MINI SERVING POTS & PANS

FEATURES

- Polished stainless steel and a riveted, brass handle make this range stylish and appearance is eye catching and classic.
- Minimal in size, but maximal in results
- This mini series is not only endearing, the small pots and mini sauté pans are also especially practical and versatile.
- The small pots are ideal for serving soups or little casseroles.
- The small sauté pans are a nice alternative for serving a mini dish or dessert.
- Moreover, these small pots and sauté pans give an extra touch to your buffet.
- Practical: their heat conducting base allows them to be kept warm easily.
- The mini series is perfect for serving individual portions of stews or sauces and it looks great on the serving pass.
