BLUE STEEL FRYING PANS

USE AND CARE OF BLUE STEEL

When used for the first time, the blue steel pan should be washed with hot water and liquid soap, rinsed and dried properly. Heat the pan and once it is hot, put a little oil or fat together with onions, bread and vegetable peels into it for a few minutes. Throw these ingredients away and wash the pan in hot water and dry. If you do not use it immediately, lightly oil the cooking surface and store it away.

FEATURES

- Medium duty blue steel between 1 and 1.5mm thick
- For less powerful heat sources
- Quick heating time
- Extra strong handles

BLUE STEEL FRYING PANS - HEAVY DUTY

BEST CHOICE

FEATURES

- This Lyonnaise profile pan made from 2 mm (14 gauge) blue steel plate gives very good heat distribution. Great for searing, frying, stir-frying and sautéing
- Lyon-shaped with high sides and curved skirt to easily flip and turn the food
- Perfect heat conduction
- Strip steel handle is firmly riveted
- Non-stick surface can be obtained when seasoned and cured correctly - the more you use and appropriately maintain it, the slicker the surface will become.
- For all heat sources (induction only with moderate temperatures)
